Subject: Summer Meeting set for August 8 and 9

Monarch Collaborative Steering Committee:

Please mark **August 8th and 9th** on your calendars for a steering committee meeting in Washington, DC, beginning at noon on day 1 and wrapping up mid-afternoon on day 2. These are the best set of dates in terms of absolute numbers and balanced representation. A few of you have indicated limited availability during the summer and are unavailable during those dates and we will coordinate with you offline to get your input on materials and items to be discussed during the meeting.

Keystone is consulting with the advisory team on an agenda and will circulate a draft in the coming weeks.

Best regards,

Suzan
